## MODULE FIVE ACTIVITIES

### ONE: BIBLE & TEXTBOOK READING

**Instructions:**

Students will read selected portions of the Old Testament and the course textbook. The readings are listed on the [Reading Schedule for module 5](#), which is posted in a separate document on the course website. Each Reading Schedule has two columns.

- The first column (labeled “Bible Reading”) lists those portions of the Old Testament that are required.
- The second column (labeled “Textbook Reading”) lists those portions of the course textbook which are required. Other portions of the chapters assigned for each week may be read for profitable insights.

It is recommended that you complete all the Bible reading before watching the Lecture Videos as the videos assume an exposure to these passages. The textbook reading may profitably take place after watching the Video Lectures to supplement any material which you would like to pursue in more detail.

### TWO: BIBLE RESPONSE REFLECTION

**Instructions:**

The student will choose one or more portions from the Bible reading assigned for the module which stood out as personally significant to them. The student will then reflect and write on the meaning of the passage; how it challenged or added to their current understanding; how they have personally responded; and how their worldview, life and/or ministry should be impacted in the future by their new understanding.

Detailed Instructions for this Reflection assignment can be found in the [Bible Response Reflection/Journal Instructions](#) document on the course website.

### THREE: VIDEO LECTURES

**Instructions:**

Students will interact with the video lectures on the course website. The student should actively engage with each presentation and not just passively watch. Blank Lecture notes are available on the course website to help the student engage with the Video Lectures.

## FOUR: REVIEW SLIDES

### Instructions:

The student should take advantage of the review slides on the course website in order to help commit the course material to memory. The review slides are a summary of the key ideas of each course lecture put into memorable form to aid memorization. It is highly recommended that the student recite these reviews out loud as an aid to memory. Some memory aids and tricks were mentioned in the Lectures for some of the summaries (e.g. SCRuB). The student should also brainstorm any shorthand memory aids to help them commit these review summaries to memory. The student should not just attempt to memorize the summaries, but also to use the summaries as a framework to understand and retain the nature and content of the Major Prophets.

## FIVE: COURSE MATERIAL RESPONSE REFLECTION

### Instructions:

The student will choose one or more items from either the Video Lectures or the Course Textbook which stood out as personally significant to them. The student will then reflect and write on the item(s); how it/they challenged or added to their current understanding and how their worldview, life and/or ministry should be impacted by their new understanding.

Detailed Instructions for this activity can be found in the [Course Material Response Journal Instructions](#) document found on the course website.

## SIX: TIMELINE STEP FIVE

### Instructions:

The student will research and present an Old Testament Timeline in seven steps over the course of all seven modules.

Detailed instructions for this activity, which apply to every step of the project, can be found in the [Timeline Project Instructions](#) on the course website.

Step Five of the Timeline should include the following information:

- The events, characters and Bible books for each of the Major Prophetic Books.
- These should be appropriately placed in the historical epochs as displayed in the first step of this project.

## **SEVEN: REVIEW QUIZ**

### **Instructions:**

The student will complete the review quiz on the course website as a learning and review experience. This will give the student a good assessment of how well they have learned the course material. The quiz will primarily cover material from the Video Lectures, but material from the Textbook Reading may be included.

No notes or study materials should be used while completing the quiz. Because the quiz is randomly generated, it includes different questions each time. Therefore, it may be profitably taken more than once.

## **EIGHT: REFLECTION QUESTIONS**

### **Instructions:**

The student will thoughtfully consider and write in response to each of the reflection questions listed on the course website. The purpose of this activity is to help the student connect the Old Testament material with their own life and ministry. The student should prayerfully think through the difference the course material can make in their personal context and act upon these insights to the best of their ability.
